Attorney Docket No.: 0241-PA
For: **LOW EMISSION TIN CATALYSTS**

DECISION ON PETITION
UNDER 37 CFR 1.137(b)

The petition to revive under 37 CFR 1.137(b) filed 10 February 2005 in the above-captioned application is hereby **GRANTED** as follows:

Applicant's statement that "the entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional" and the prompt filing of the petition satisfies the requirement of 37 CFR 1.137(b)(3).

A review of the application file reveals that applicant has now provided payment of the full, U.S. Basic National fee and the requirements of 37 CFR 1.137(b) have been satisfied. Therefore, the request to revive the application abandoned under 35 U.S.C. 371(d) is granted as to the National stage in the United States of America. It is noted that the filed declaration fails to comply with 37 CFR 1.497(a)(3) in that it does not identify the inventor's country of citizenship. In addition, the data required under 37 CFR 1.497(c) is missing from the filed application data sheet.

This application is being forwarded to the United States Designated/Elected Office (US/DO/EO) for continued processing including the issuance of a Notification of Missing Requirements (Form PCT/DO/EO/905) indicating that a compliant, executed oath or declaration of the inventor is required.
